Thanks, Victor. Appreciate that it's not easy to move resources around to ensure continuity of CARE operations and services. Much appreciated.

Hi team,

Just a reminder of our first all-day CPR training this coming Monday. This training will impact our support in the Valley. I'll ask Enrique to update all parties necessary on Monday morning on exact coverage implications of this training.

February 10, 2020:

- CARE3, CARE6 and/or CARE12 may have different HET members supporting their operations on this date (Keiyon's teams)
- We will only have one CARE+ team operational in Valley Bureau (Janet's team)
  - I see two CARE+ operations scheduled in the Valley on this day. We'll look into sending a West Bureau team up to support one of these.

Thanks, Victor. That's certainly important training. Thanks for giving us advanced notice about the deployment and scheduling adjustments.

While we appreciate the deployment challenges, we intend to continue with the same level of CARE+ operations even on the days with fewer outreach resources. Just like we did for the Homeless Count, we will work together on a plan for supporting both CARE and CARE+ operations on those days. That doesn't mean outreach will be attached to each CARE+ team. Look forward to discussing with the UHRC team.

Let me know if you have any questions.

Brian

Most of our non-CARE teams received this last year, so we're looking forward to getting these teams caught up with their training needs. We will have CARE coverage every day of these trainings, but this may involve us rotating in staff who do not normally participate in CARE. We will have limited CARE+ support and are hoping that we can develop deployment schedules that take this into account. Here is how the training dates will impact our support of these obligations:

Subject: CPR Confirmation

Hello all,

We are finalizing the CPR training dates for staff and have listed the groups below. Could you all please do me a favor and reply back to me and Victor with your confirmation of the dates below for your teams? Please note that many of you have staff split up between dates to ensure that no area is left without HET support. It will be up to you to determine what staff are attending what session. I am asking that you let your manager know when that is decided. That does not need to be decided right now. All I need to know is that you are confirming that your team will be attending the CPR listed in the spots below.

Please let Victor and I know no later than tomorrow morning 😊 Thank you in advance!

February 10, 2020: Group 1 - Two Instructors in SPA 2 (Class size 11-20)
